

KLOVE wants us to make a comment about taking them off the air and KLOVE asked us to make these points when we do.

1. How K-LOVE serves you as a resident of the local community.
2. The effect on the local community if K-LOVE were to be displaced by an LPFM broadcaster providing other programming.
3. Why you believe that the service provided by K-LOVE is in the public interest.

Well I will make this simple. By taking KLOVE away from us you would be taking God away from us. I dont think the FCC understands how important it is to spread the word of God. God touches so many of us though his songs and to take that away would be like taking the very air we breath away.

Mabey this will make more since: A Man or a Woman is sitting in their car 20 ft from the edge of a 300 ft cliff thinking they are all alone and no one cares. They are contemplating suicide. Trying to gain the nerv to go though with it the man or woman turns on the radio but the staytion they normaly listen to will not come in so the man or woman starts to turn the dial to find a staytion. All of a sudden KLOVE comes on they listen for a moment and relise god is talking to them though a song of encouragement. This is just enough for that man or women to turn off the car pick up the cell phone and call someone for help.

Now think of the consequences of taking KLOVE off the air. Instead of that man or women tuning in KLOVE that day all they get is static and with that they reinsure them selves that no one cares puts the car in gear and drives off that cliff. Do you really want to rob someone of there life. Please don't take KLOVE from us
